

escDevelopWorks™ Participant: Enter Prompt to Perform an AI-Powered Search

This guide explains how to use the AI-powered search to find information about courses, certificates, and professional development.

1 Navigate to the escDevelopWorks™ Participant Site.

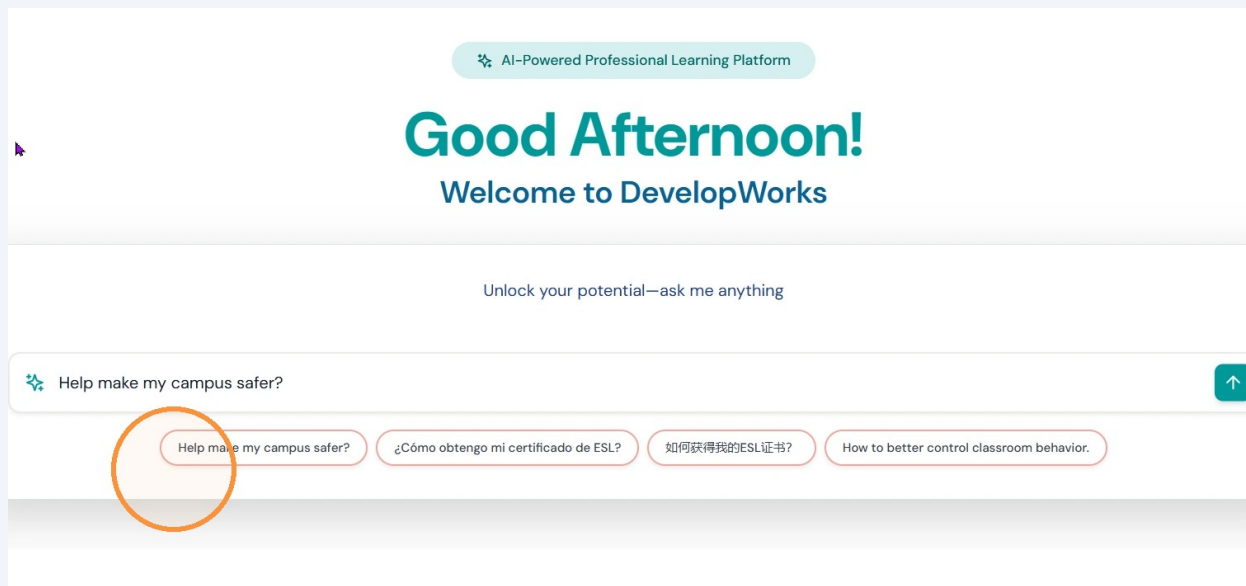

PLEASE NOTE: If you already have an existing escWorks account, use "Create New Account" button to sign in. Use your current escWorks email address and create a new password.

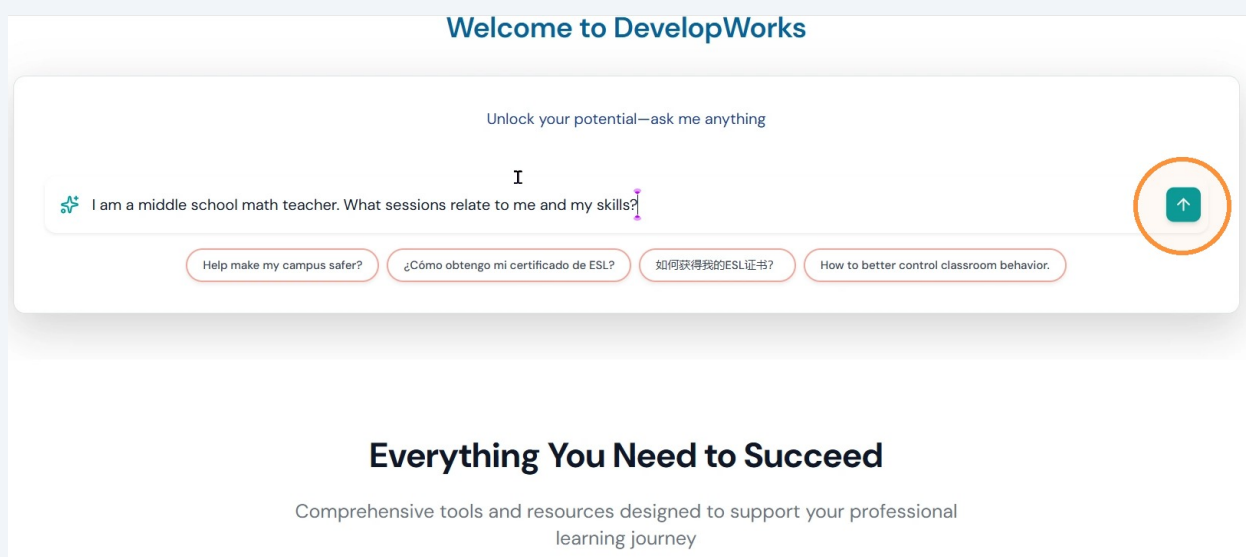

2

Enter your question in the search bar, or click one of the prompts below it. You may enter your question in English, Spanish, or Mandarin for a response in the language you have chosen.

3

Also, you can enter a prompt on the home page to search for information. Click the arrow to search.

4

View the search results. You may need to scroll down to read the full response. You can continue the conversation by entering another prompt in the search bar at the bottom of the screen.

Clear

I am a middle school math teacher. What sessions relate to me and my skills?

Sessions for Middle School Math Teachers

Great question! As a middle school math teacher, you'll want to focus on sessions that support mathematics instruction and student learning. Here are the most relevant sessions I found for you:

Mathematics-focused sessions:

[1671782 Region 4 Mathematics Conference — 2026-2027](#) is a broad mathematics conference that would be excellent for professional development across grade levels, including middle school. This takes place on February 20, 2027, and enrollment is currently open.

[1978447 Supporting Students with Dyscalculia](#) would be particularly valuable for your practice, as it addresses how to support students who struggle with math learning. This session is scheduled for November 17, 2026, with open enrollment.

[1966359 Mathematics Leadership Network Virtual](#) offers networking and leadership opportunities in

5

The results may contain links that you can click to view more information. With these steps, you're ready to use AI-powered search to find the information you need in escDevelopWorks™.
