

escDevelopWorks™ Participant: Register for Sessions

This guide shows how to efficiently find, enroll in, and access sessions using search, calendar, and catalog tools. It explains adding sessions to the cart, completing checkout and payment, and confirming registration.

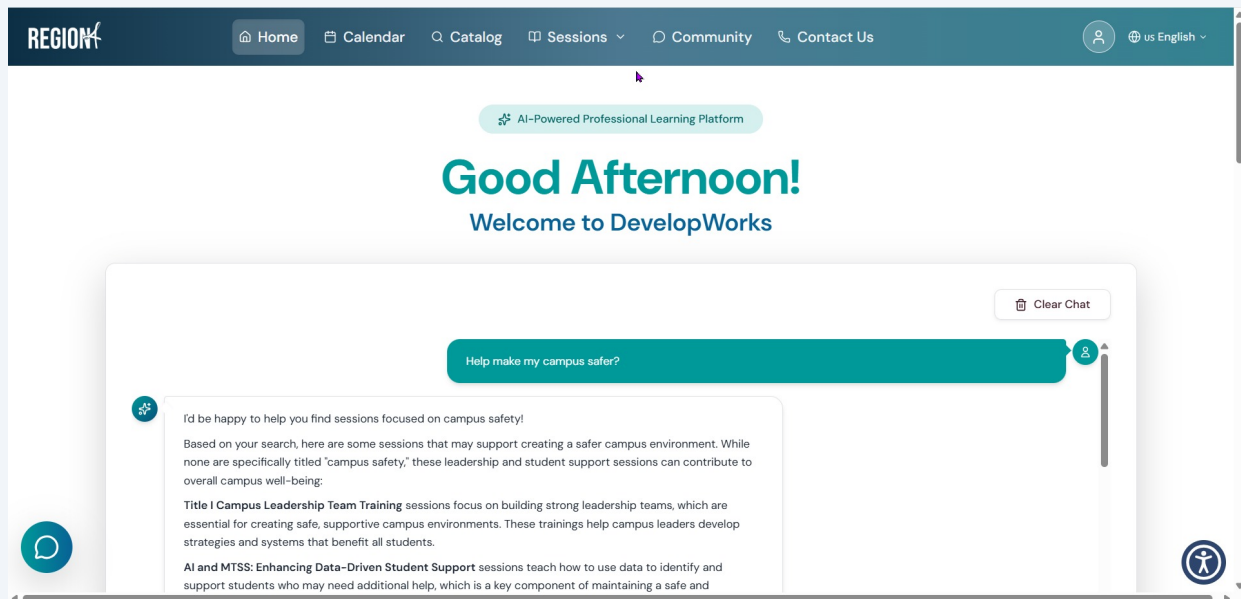

1

Navigate to the escDevelopWorks™ Participant Site. If you already have an existing escWorks® account, click Create New Account to sign in with your escWorks® email address and create a password to verify the account. Note: You do not have to sign in to view certain features of the site, such as the calendar, catalog, and AI-powered search.

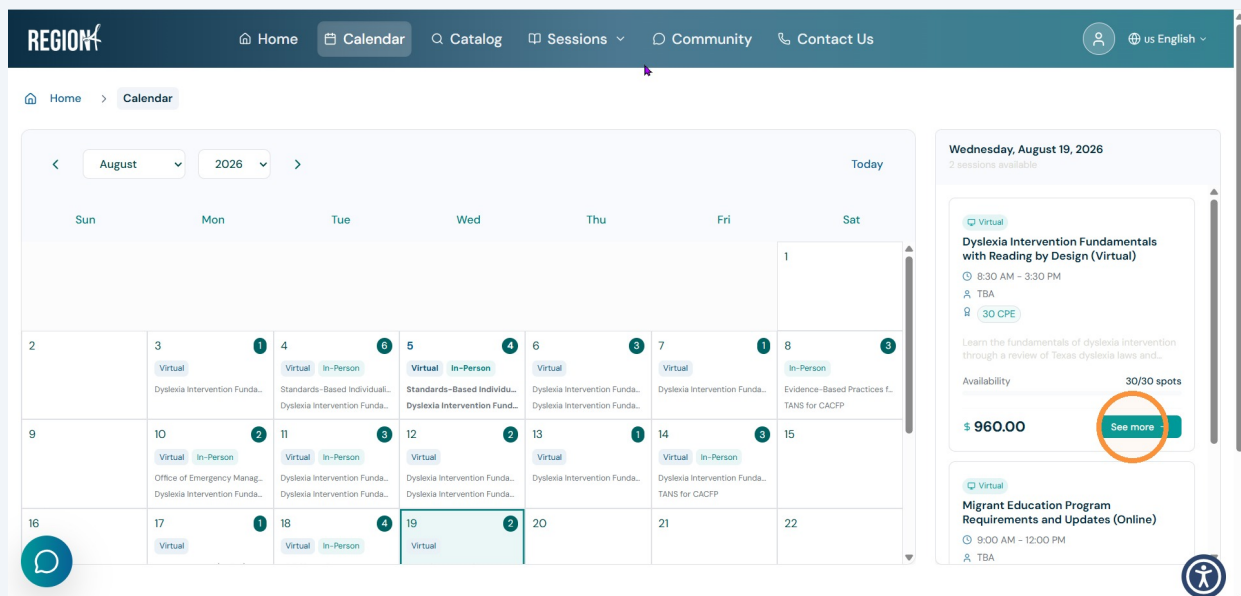

2

From the home page, you can search for a session using the search bar, view the calendar, or browse the catalog. In the catalog, you can search by session ID or description, or filter sessions by type, such as conferences, hybrid, or on demand. To search from the home page, enter a prompt in the search bar and click the arrow to view the session results.

3

From the Calendar page, search for sessions by selecting a date to view the sessions scheduled for that day. Click **See more** to view additional details about each session.

4

From the Catalog page, search for sessions by entering a description, session title, or session ID.

The screenshot shows the 'Session Catalog' page on the Region 4 website. The navigation bar includes links for Home, Calendar, Catalog, Sessions, Community, and Contact Us. The 'Session Catalog' section has three search tabs: Description, Session Title, and Session ID. The 'Session ID' tab is selected and circled in orange. Below the search tabs is a search bar with the placeholder text 'Enter session ID...'. A 'Filters' button is located below the search bar. The page indicates '48 sessions found' and displays a grid of session cards. Each card includes a title, a description, a date and time, and a 'CPE' value. The cards are: 'Standards-Based Individualized Education Program (IEP)...', 'Hot Topics - August 2026', 'Canvas test 1', and 'Parentally Placed Private School Children with Disabilities'.

5

Click **Sessions** and a session type from the drop-down menu. Then click on a session to review the details.

The screenshot shows the 'On-Demand Learning' page on the Region 4 website. The navigation bar includes links for Home, Calendar, Catalog, Sessions, Community, and Contact Us. The 'Sessions' dropdown menu is open, showing options for Conferences, Hybrid, and On Demand. The 'On Demand' option is circled in orange. The page title is 'On Demand Learning' with the subtitle 'Self-paced professional development — available now through registration close date'. Below the title is a search bar with the placeholder text 'Search courses by title...'. There are three filter buttons: All, Free, and Paid. The page indicates 'Showing 1–24 of 111 courses' and displays a grid of course cards. Each card includes a title, a description, a date and time, and a 'CPE' value. The cards are: 'American Heart Association: Heartsaver Adult and Child CPR/AE...', 'Characteristics, Structure, and Craft of Argumentative Text', 'Coaching for Literacy: Empowering Special Education Teachers to Driv...', and 'Developing Critical Reading Skills to Support STAAR Success in 3rd...'.

Coaching for Literacy: Empowering Special Education Teachers to Drive Reading Growth Registration Open

Event Description

This microlearning session is designed to equip reading coaches with the tools and strategies needed to support special education teachers in fostering significant literacy growth. Learn how to guide special education teachers in implementing evidence-based literacy instruction that is directly aligned with their students' Individualized Education Programs (IEPs). This session also provides a clear framework and ready-to-use forms for conducting student-centered coaching cycles to help teachers unlock their students' full reading potential.
