

escDevelopWorks™ Participant: User Profile Upcoming Sessions to View QR code

This guide explains how to view your sessions and access the QR code that you will use to check in.

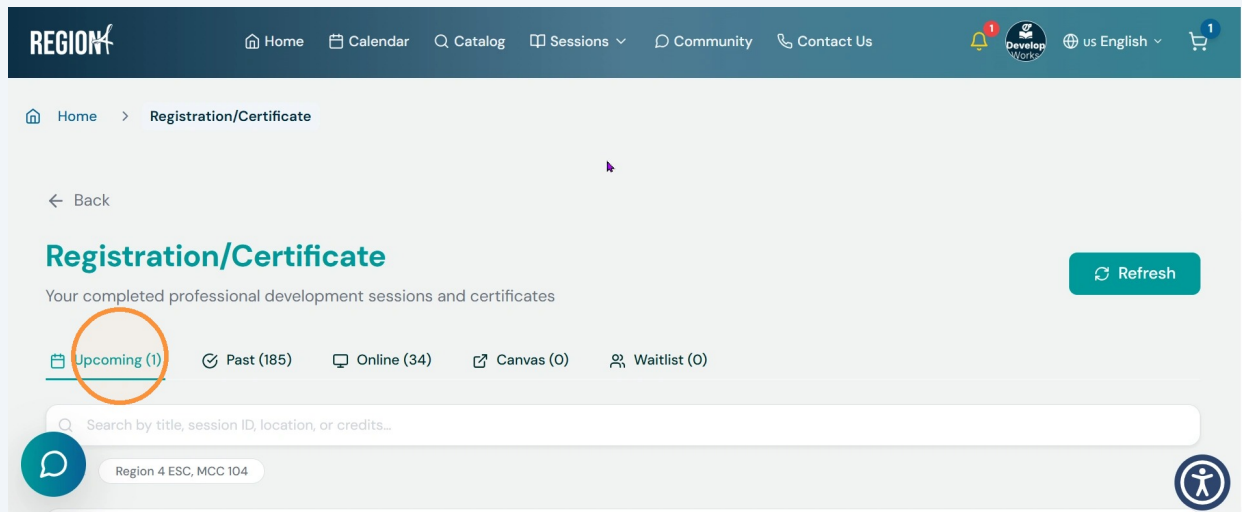

1

Navigate to the escDevelopWorks™ Participant Site and click on **User Profile** icon and sign in to the new platform.

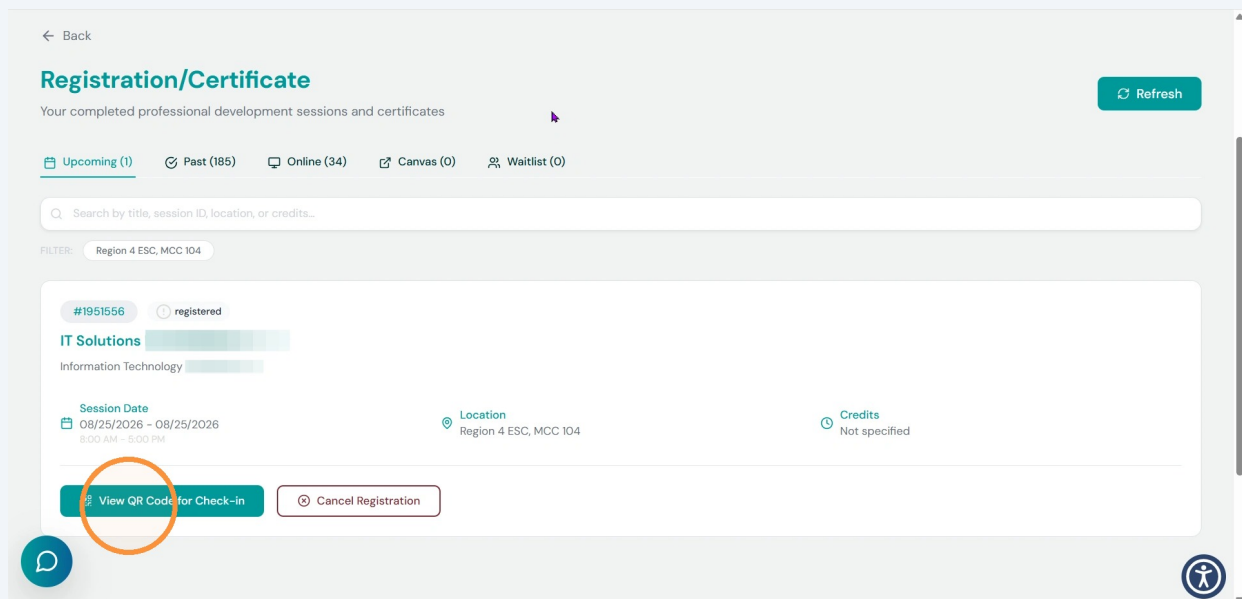

2

Click on user-profile icon and select **Registration/Certificate** from the drop-down menu. Then click **Upcoming** to view your upcoming sessions.

3

Each session is assigned a QR code that is used at check-in to record attendance. To access the QR Code, click **View QR Code for Check-in**. Note: This may vary by organization.

4

You may also access the QR code through the session email confirmation or at a kiosk located at Region 4. For convenience, you can click **Download** to save the QR code on your mobile device, or you can take a screenshot for easy access during check-in. To check in for a session, use the tablet outside the room entrance to scan the QR code displayed on your mobile device or on the badge printed at the onsite kiosk. Note: This step may vary by organization.
